

Making Hamilton the Best Place to Raise a Child

Hamilton Chamber of Commerce - Community Development Committee

Early Successes

Acting as a liaison and resource to members and the broader business community, the Hamilton Chamber of Commerce has the privilege of being the "Voice of Hamilton Business". By focusing on economic development as one of the enablers to help eliminate poverty, we have incorporated the message of poverty reduction in our presentations to all levels of government and the media.

Poverty Reduction Strategy

The Community Development Committee at the Hamilton Chamber of Commerce has made poverty reduction one of the top priorities on the Committee's agenda. Our greatest strategy is using our newsletter "Working For You", our magazine "Panorama" and other communications outlets to deliver the key messages on how to reduce poverty.

As future initiatives are announced by the Hamilton Roundtable for Poverty Reduction, we look forward to help get their message to our community business leaders.
